

## **Township of Washington Mayor and Council Oppose Renewal of Waste Management Permit**

The permit for the Transfer Station in the Hillsdale Industrial Zone is in final review for renewal with the NJ DEP.

- We have asked all residents to sign the petition opposing this renewal.
- To sign the petition [click here](#).
- To read the Mayor's letter on the Township's behalf, [click here](#).

**It is important that residents as well as people who travel Hillsdale Avenue to Pascack Road to Linwood Avenue send letters to the DEP objecting to the permit renewal.**

**The DEP is in the final state of review of Waste Management's application. Your support is critical to getting the permit denied. Below are links to form letters.**

**We would appreciate it if you would print either one and sign it and send it to the DEP. Of course, you could compose your own letter objecting to the permit renewal. If you would prefer, you can drop it off at Town Hall no later than January 13, and we will bulk mail the letters to DEP. Thank you for your support on this important issue that will affect the future of the Township of Washington.**
